CISCO WINS TRUST AWARD FOR BEST NAC SOLUTION AT SC AWARDS 2018

San Francisco – May 1, 2018 – Cisco, the worldwide technology leader in network security, today announced that its [Identity Services Engine \(ISE\)](#) was recognized as the top solution in the Trust Awards category at the 2018 SC Awards. The announcement was made Tuesday, April 17, 2018, during the 22nd annual SC Awards gala in San Francisco

Cisco Identity Services Engine (ISE)

“To receive the SC Award for three consecutive years is an honor and a tremendous validation for Cisco Security. We are committed to building new innovations for the Identity Services Engine so that it meets our customers’ most pressing and evolving needs to get rich contextual data for everything connecting to the network; control access to applications and data with intent-based controls; and rapidly contain threats.”
Kevin Skahill (Senior Director of Product Management at Cisco)

Winners of the Trust Award were chosen by a distinguished group of leading IT security professionals from SC Media's readership and selected by SC Media's editorial team. Entrants were narrowed down to a select group of finalists before undergoing a rigorous final judging process to determine the winner of each category.

“As a winner in the Trust Award category, Cisco's Identity Services Engine stands out for its innovative approach to protecting businesses against the ever-changing threat landscape,” said Illena Armstrong, vice president, editorial, SC Media. “This is a significant achievement and one that shows Cisco's dedication to improving the IT security industry as a whole.”

The SC Awards are recognized throughout the security industry as the gold standard of excellence in cybersecurity. With the awards, SC Media recognizes the achievements of security professionals in the field, the innovations happening in the vendor and service provider communities, and the vigilant work of government, commercial and nonprofit entities. Vendors and service providers which offer a product and/or service for the commercial, government, educational, nonprofit or other industries are eligible for the Trust Award category in the SC Awards.
